Sanitizer concentration log

Business name: _____ **Location (premises, vehicle):** _____ **Year, month:** _____

Product: _____ **Target range (from label):** _____ **Contact time (from label):** _____

Mix the solution as the label says. Test it with the matching strip or meter each time you make a new batch and at the times in your cleaning plan, and write the actual reading. If it is outside the target range, remix it, test again and write what you did.

Date	Time	Where (sink, bucket, spray bottle, dishwasher)	Product	Test (strip, meter)	Measured (ppm or %)	OK (Y/N)	Corrective action (remixed, retested)	Checked by (name, signature)
